Guillermo Pinto

Systems Engineering student
Bucaramanga, Santander, Colombia

Summary

I am a Systems Engineering student at Universidad Industrial de Santander, passionate about solving real-world problems through AI. Currently focused on deep learning and computer vision for thermal imaging and medical diagnosis, I lead teams, thrive under pressure, and work tirelessly to create innovative solutions that positively impact people's lives.

Education

Universidad Industrial de Santander
Undergraduate, Systems Engineering · (2021 - 2025)

Servicio Nacional de Aprendizaje (SENA)
Technician, Systems · (September 2019 - December 2020)
